Subject: RE: Hot Topics — PFAS and lead
Attachments: AO-1 Lead Program to be combined with other lead efforts.docx; TSCA PFAS Chemicals Fact Sheet for AW_03-29-19.docx; LBP fact sheet for AW 03-29-19.docx

I have just clarified with Troy that the Administrator wants ONE each factsheet for his hearing on PFAS and one on LEAD. These won't replace the program specific ones but rather be integrated ones. Since OCSPP, OW, and Veronica have each done factsheets, can one of our offices integrate them into the product the Administrator wants?

Below are OW's and attached are OCSPPs, and Veronica's.

The bullet that AW definitely wants on lead is:

- Reductions to EPA's Lead Paint programs are mitigated within the context of the broader President's Budget request, such as through the Department of Housing and Urban Development (HUD). HUD's FY 2020 budget includes \$290 million for lead paint reduction, double their requested amount last year.

Alexandra Dapolito Dunn, Esq.
Assistant Administrator
Office of Chemical Safety and Pollution Prevention
